# PRESS RELEASE

Neuilly-sur-Seine, France – November 22, 2021

## Information on a cyber attack

On Saturday November 20<sup>th</sup>, 2021, the cybersecurity system of Bureau Veritas detected a cyber-attack.

In response, all the group's cybersecurity procedures were immediately activated. A preventive decision has been made to temporarily take our servers and data offline to protect our clients and the company while further investigations and corrective measures are in progress. This decision generates a partial unavailability or slowdown of our services and client interfaces.

Bureau Veritas' teams, supported by leading third-party IT experts, are currently deploying all efforts to ensure business continuity and minimize disruption to its clients, employees and partners. Our incident response procedure has been triggered.

Bureau Veritas has also actioned the relevant authorities, who will provide us with additional support to resume normal operations in short term.

We would like to thank our clients for their understanding and trust.
